\* With regard to the length of your trip, please adjust the amount of clothing you pack. All gear must fit into a 12"x12"x24" soft duffel bag (please no suit cases) and not exceed 30 lbs in weight. Sleeping bags can be packed separately.

## Suggested Fishing Equipment

**Rods-** A multiple piece pack/take down rod in a hard tubular case not to exceed 4' in length works best, anything over 4 feet long or without a hard case of some kind won't make the trip without getting broken.

**Lines- Spin Fishing:** 4 or 6 pound monofilament.

**Fly Fishing:** Floating dbl. Taper or Weight Forward. It wouldn't hurt to have a spool of sinking either.

**Leaders-** A small spool of 4lbs. monofilament and a good variety of Tippet for the fly fisherman.

**Lures-** A good assortment of colors, in light to medium weights (1/16 to 3/8oz.) I'm sure you have your favorites, so don't leave them out of your arsenal. Fishing a fly behind a bubble works very well too.

- Rooster tail
- Panther Martin
- Crocodile
- Daredevil
- Kastmaster
- Mepps
- Jake's Spin O Lure
- Lead Head Marabou jigs
- Blue Fox
- Little Cleo
- Flat Fish
- Pistol Pete

**Flies-** Bring a good assortment of various sizes. (10, 12, 14, 16, 18) There are days when the fish will just hammer one particular pattern, and then not even look at it the next.
